

VOL. XXXV.

HONOLULU, HAWAII TERRITORY, SATURDAY, MARCH 15, 1902.

PRICE FIVE CENTS.

## BY AUTHORITY.

IN THE SUPREME COURT OF THE TERRITORY OF HAWAII.

October Term, 1901.

Amendment of Rule 4—Rule 4 of the Supreme Court is amended so as to read as follows:

4. Transcript of Evidence.  
A suitable book shall be kept in the office of the Clerk of the Supreme Court in which any party, in person or by attorney, desiring for use on appeal, error or exceptions a transcript of the notes of evidence taken by a court stenographer in any case, may, after verdict or decision, enter his name, the name of the party he represents, the title of the case, the date of entry, and the name of the stenographer.

The clerk shall forthwith give notice of such entry to the stenographer who took the notes of evidence in the case. The stenographer shall make and furnish the transcript with all reasonable dispatch in the order of such notice unless otherwise directed by a Justice of the Supreme Court or a Judge of a Circuit Court, and shall note on the transcript the date upon which it is furnished or tendered and the name of the person to whom it is furnished or tendered; provided, however, that in cases in which the stenographer is entitled to payment for such transcript, he may within five days after receiving such notice, request in writing the party or his attorney, who made the entry, to deposit cash, or furnish security, within ten days after such request, sufficient to cover the cost of such transcript, and unless such request is complied with within such time, such entry and notice will be of no effect and the stenographer need not make such transcript; and provided further that after the stenographer shall have made any such transcript for which he is entitled to payment he need not furnish the same until paid for.

In case a party, in person or by attorney, desires to make or procure a transcript or copy of the evidence without the aid of the court stenographer for use on appeal, error or exceptions, he shall obtain from a Circuit Judge leave to file within a specified time such transcript or copy.

Unless such entry is made or such leave is obtained within ten days after the filing of the notice of appeal, or the writ of error or bill of exceptions, and unless such transcript or copy of evidence is filed within ten days after it is tendered by a court stenographer or within the specified time when procured without the aid of a court stenographer, such transcript or copy of evidence will not be considered by the Supreme Court upon such appeal, error or exceptions.

By the Court:  
HENRY SMITH, Clerk.  
Honolulu, T. H., March 12, 1902.

## GRAND JURY REPORTS AND GEAR WANTS SPECIAL SESSION

The grand jury made its final report for the term to Judge Gear yesterday morning, and was discharged. The court, with the report before him, said that an extra session of the Legislature was demanded to enact laws to save the grand jury the trouble of prosecuting petty offenses. "If the Governor has the interests of the Territory at heart," said Gear, "he will call a special session immediately to pass laws to make these petty offenses presentable to a district magistrate."

The report, a very lengthy one, was read by Foreman C. S. Desky. He reported that forty-six true bills had been found, and twenty-four cases ignored. A special report was made up on the prevalence of crime among the Porto Ricans, figures being quoted also, and the grand jury reported: "From inquiries made from such witnesses as were brought before us, the Porto Ricans as a race appear to prefer occupations bordering on vagrancy to those involving hard work."

"We recommend that no further Porto Ricans be encouraged to enter the Territory of Hawaii unless a careful investigation into their character and previous record be made."

Concerning the police department, the report read: "The working of the department is highly commendable. The High Sheriff called our attention to the existence of gambling in numerous places, both on the main and in the islands, and owing to rulings in the courts against the employment of paid informers in the prosecution, this duty of his department is greatly hindered."

"Much improvement in this service could be effected if sufficient funds would be appropriated by the Legislature. At the present time an efficient detective force of two or three competent men is much needed."

The management of Oahu prison was commended, though a few improvements in sanitary arrangements were recommended. It is further reported: "Provision should be made to furnish material and machinery necessary so as to employ the prisoners in a factory for the purpose of making marketable articles, such as gunny-sacks for sugar, rice and other local products. Realizations from this source will greatly help towards replenishing the treasury."

"The present prison site is wholly inadequate for the purposes for which it is intended. Another location should be chosen and a house of correction for the prison erected in connection therewith. The present site could then be made a source of revenue to the Territory, just as the esplanade property is at the present time."

A lengthy resume of conditions at a reform school was given, and everything there was highly praised, including the credit system, the carpenter shop, food, agricultural work and military drill. An increase in the appropriation is recommended, so that a regular physician could be secured, and uniforms provided for the boys.

In regard to the girls' industrial school, the jury recommended a law which will prevent gatherings of young girls.

A lengthy report was made also upon the insane asylum, and a general improvement in the matter of ventilation was recommended.

The report further stated: "We recommend that patients who could receive better attention through private means should be required to be provided by their relatives with special care and attention."

A letter was quoted from Dr. C. B. Cooper condemning some of the arrangements at the asylum, and the jury said:

believe that this evil can be entirely suppressed.

"We recommend that a law be enacted prohibiting the employment of minors in liquor saloons, and also prohibiting minors from entering or congregating about liquor saloon premises."

In regard to complaints from private citizens in reference to the meter system of the Hawaiian Electric Company, the jury reported that this was properly a matter for civil action. The report in concluding, said:

"In conclusion, the grand jury desires to express its appreciation of the ability, thoroughness, fairness, dignity and courtesy which have been the unfailing characteristics throughout its sessions, of John W. Cathcart, Esq., the Deputy Attorney General of the Territory."

## BEFORE WE CAN

use them, iron and gold must first be got out of the ore. The same principle applies to cod liver oil. Its virtues are not in its fatty matters; much less in its sickening taste and smell. No consumptive, or sufferer from any other wasting disease, was ever greatly benefited by the so-called "plain" cod liver oil. The shock it gives to the nerves, the repulsion and disgust it excites in the stomach, the outrages it commits upon the senses of smell and taste, are enough to spoil any medicinal potency that may be in it for the majority of people. This—to say nothing about its being indigestible. Yet there has always been reason to believe that, among the elements which form cod liver oil, there existed curative properties of the highest value. But it was necessary to separate them from the nauseating waste material with which they were combined. This was successfully accomplished in

WAMPOLE'S PREPARATION and in this effective remedy, made palatable as honey, we have the very heart and soul of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. These constitute a tissue builder, a blood purifier, a health renewer beyond comparison. Disease yields to it with a completeness and rapidity which astonishes medical men quite as much as it delights their patients. In all wasting conditions, Scrofula and Blood Disorders, La Grippe, Chronic Bronchitis, Pulmonary Affections, etc., it never fails to relieve and cure. Dr. Louis W. Bishop says: "I take pleasure in saying I have found it a most efficient preparation, embodying all of the medicinal properties of a pure cod liver oil, in a most palatable form." It stands in the front rank in the march of medicine. Effective from the first dose. Sold by all chemists here.
